CUSTOM CONTEMPORARY WINDOWS AND DOORS
Modern all wood or clad windows and doors

Almont, Michigan, July 19, 2011 – Grabill’s contemporary windows and doors incorporate unique modern details and offer architectural design flexibility. Common mullions and frames with ultra-narrow profiles allow for maximum glazing, large expanse views, and the incorporation of multiple window units. Available in:

All Wood • Aluminum Clad • Bronze Clad

Contemporary common mullion details incorporate operable and fixed openings:

- Direct Set Fixed Windows
- Awning & Casement Windows
- Pivot Doors, Swing Doors
- Bi-Folding Door Systems
- Lift and Slide Door Systems

Grabill’s contemporary windows and doors complement any modern day architectural design. Bi-Folding and Lift & Slide Door units are a solution for rooms with a view, creating wall openings up to 40 feet. The minimum frame pivot door is ideal for oversized entryways, operates effortlessly and provides maximum clear opening. Store front window wall systems allow for low maintenance, with aluminum clad exterior and wood interior.

Grabill windows and doors are built with integrity and built to last. Their high standards of traditional craftsmanship, integrity and service carry through in all of their designs.

For additional information on contemporary products, please contact Grabill directly.

About Grabill Windows & Doors – Grabill has served the architectural community for over 25 years, offering an exceptional line of products with outstanding character and value. Grabill designs and manufactures premium quality all-wood, bronze and aluminum clad windows for residential, commercial and historic projects.
